

# WA IDTORCH 250-50

ID Torch cladding for gas shielded arc welding

## Features

- Internal Bore welding torch mini Ø50 mm
- High rigidity to reach deep bores
- Welding of valves, pipes, fittings
- Recommended use with WA machines WMK and H-FRAME

## Technical data

- **Part number:**  
139 CC0009 WA IDTORCH 250-50
- **Max Amperage:** 250 A Ar CO<sub>2</sub> (300 A CO<sub>2</sub>) 100% duty cycle
- **Usable length inner bore:** 700 mm
- **Ø wire:** 1.0 mm and 1.2 mm
